Do You Think I'm Beautiful?

The question every woman asks. It is uniquely feminine, and resides in your heart, in spite of your best efforts to ignore it. . . Although we ache to be adored and desired, we decide that it is good enough to be loyal, hard-working, strong or steady. But there is

Someone who finds her beautiful, who adores her and seeks to woo her to Himself. This study is for the single person or now single mom. It has practical teaching and real-world advice help that bridges the gap between the lie a woman longs for, and the life she actually has.
